

INED is recruiting

One Tenured Senior Researcher (*directeur·trice de recherche*)

INED will be hiring a tenured senior researcher in 2025. The position is open to researchers from any of the Institute's disciplines: demography, population science, or any other related science.

The French Institute for Demographic Studies (INED) is a public research organization. Its mission is to conduct research on all aspects of populations, to provide research training, and to report on the findings of its research to public authorities and the wider society. Its ten research units are encouraged to engage in multidisciplinary and international research work.

Position: Tenured Senior Researcher, Category 2 (*directeur·trice de recherche 2e classe*)

Location: INED, Campus Condorcet, 9 cours des Humanités, 93322 Aubervilliers, France

No age, gender or nationality restrictions

Competition opening date: 10 January 2025

Application submission deadline: 12 February 2025 (12 noon, Paris time)

Eligibility Criteria:

1. For applicants who have held a tenured research position within a French research institute: provide proof of at least three years' service as a tenured researcher, as of the competition opening date;
2. For applicants who have not held a tenured research position within a French research institute: applicants must meet one of the following criteria:

- Hold a doctoral degree; as described in Article L. 612-7 of the French Education Code;
- Hold a *Doctorat d'État* or *doctorat de troisième cycle*;
- Hold a doctoral degree in engineering sciences;
- Hold a post-graduate diploma in dental science (DERSO);
- Hold a post-graduate diploma in human biology (DERBH);
- Hold a foreign university degree recognized as equivalent to one of the above qualifications by the INED Evaluation Committee;
- Provide proof of research production recognized as equivalent to the above qualifications by the INED Evaluation Committee.

**and provide
proof of
8 years'
professional
research
experience**

The years of professional research experience must have been completed at a public science and technology or teaching establishment, in France or abroad.

Where applicants have held research posts at other public or private institutes or organizations, in France or abroad, equivalence may be acknowledged by INED's Director, subject to the approval of the INED Evaluation Committee.
