

Thursday, September 1	
9:00 AM - 10:30 AM	
Session 3-Migration and the family: Structure and process	
Second-generation migrants leaving the parental home in France: how does context matter?	Giulia Ferrari (INED); Ariane Pailhé (INED)
Session 6-Fertility preferences 1	
When a poor index becomes a good proxy: On the predictive value of individual fertility preferences at the cohort macro-level	Eva Beaujouan (Wittgenstein Centre - IIASA, VID/ÖAW, WU); Laurent Toulemon (INED)
11:00 AM - 12:30 PM	
Session 15-Longevity advances and their determinants	Chair: Jacques Vallin (INED)
Session 19-Policy Issues	
French-German Comparison of Fertility Related "Leitbilder"	Kerstin Ruckdeschel (BiB); Anne Salles (Université de Paris IV, Sorbonne, INED); Laurent Toulemon (INED); Arnaud Régnier-Loilier (INED); Sabine Diabaté (BiB)
Session 20-Marriage and cohabiting patterns in the past	
Exogamous marriages in a colonial context. The nuptiality of Europeans in Algeria (1830-1900)	Guy Brunet (Université de Lyon II); Kamel Kateb (INED)
On the long-run evolution of marriage and prenuptial agreements - France: 1855 - 2005	Marion Leturcq (INED); Nicolas Frémeaux (Université Paris 2 - Panthéon-Assas)
Session 24-Female employment around birth	Chair: Anne Solaz (INED)
12:30 PM - 2:00 PM	
Poster Session 1	
A genealogical analysis of Children's family network dynamics in a rural sub-saharan population	Olivia Samuel (Université de Versailles St Quentin, Printemps & INED); Aurélien Dasre (Université Paris Ouest Nanterre La Défense CRESPPA-GTM, INED); Véronique Hertrich (INED)
2:00 PM - 3:30 PM	
Session 25-Transition to adulthood	
The social differences in leaving home across Europe	Katrin Schwanitz (INED & University of Groningen)
Session 26-Aging and retirement	
Gender pension gaps along the distribution: An application to the French case	Benoît Rapoport (Université Paris 1 & INED); Dominique Meurs (INED & University of Paris West – EconomiX); Carole Bonnet (INED)
Session 29-Divorce and union dissolution I	
Unemployment and separation: Evidence from five European countries	Anne Solaz (INED); Esther Geisler (Hertie School of Governance); Michaela Kreyenfeld (Hertie School of Governance); Marika Jalovaara (University of Turku); Silvia Meggiolaro (Università di Padova); Dimitri Mortelmans (Universiteit Antwerpen); Inge Pasteels (Universiteit Antwerpen)
Session 35-Survival: Exploring biological and confounding factors	Chair: Jean-Marie Robine , (INSERM & INED)
4:00 PM - 5:30 PM	
Session 39-Employment and wellbeing	Chair: Emmanuelle Cambois (INED)
Session 48-Dimensions of health transition in developing countries	Chair: France Meslé (INED)
Estimating mortality from external causes using data from retrospective surveys: a validation study in Niakhar (Senegal)	Gilles Pison (MNHN, INED); Stéphane Helleringer (Columbia University); Bruno Masquelier (UCL); Malick Kante (Columbia University); Cheikh Tidiane Ndiaye (ANSD); Laetitia Douillot (IRD); Géraldine Duthé (INED); Cheikh Sokhna (IRD); Valérie Delaunay (IRD)

Friday, September 2

9:00 AM - 10:30 AM

Session 50-Disparities in mortality trends across developed countries

[Mortality trends in Baltic countries before, during and after Soviet domination](#)

France Meslé (INED); **Jacques Vallin** (INED)

[Explaining Health Convergence between East and West Germany in the Light of Half-century Evolution of Cause-specific Mortality](#)

Pavel Grigoriev (MPIDR); **Marketa Pechholdova** (VSE & INED); Vladimir M. Shkolnikov (MPIDR & NES, Russia)

Session 51-European fertility

[Fertility Among the Descendants of Immigrants: The Analysis of Longitudinal Data from Eight European Countries](#)

Hill Kulu (University of Liverpool); Tina Hannemann (University of Liverpool), **Ariane Pailhé** (INED) *et al.*

Session 52-Life course and female employment

[Is being half-time mother help to work? The role of shared custody on women's labour force participation after divorce](#)

Bertrand Garbinti (CREST-INSEE); **Carole Bonnet** (INED); **Anne Solaz** (INED)

Session 58-Modelling fertility

[Modelling fertility rates by age, time and birth order from coarsely grouped data: a penalized composite link model approach](#)

Diego Ayma Anza (Universidad Carlos III de Madrid); **Carlo G. Camarda** (INED)

11:00 AM - 12:30 PM

Session 63-Health and education

[Assessing the contribution of poverty to educational differentials in disability in 26 European countries](#)

Emmanuelle Cambois (INED); Aïda Solé-Auró (Universitat Pompeu Fabra); Jean-Marie Robine (INSERM & INED)

Session 66-Forecasting mortality

[Modeling and Forecasting Age at Death Distributions](#)

Ugo Filippo Basellini (MPIDR); **Carlo G. Camarda** (INED)

Session 69-Data sources and methods quality

[Age misreporting in censuses in developing countries: a record linkage study in health and demographic surveillance systems in Senegal](#)

Bruno Masquelier (UCL); **Gilles Pison** (MNHN, INED); Cheikh Tidiane Ndiaye (ANSD); Lucie Lecomte (IRD); Ndèye Binta Diémé (ANSD); Ibrahima Diouf (ANSD); Valérie Delaunay (IRD)

[People with multiple residence and double counts in the French rotating census](#)

Laurent Toulemon (INED)

Session 71-Transfers between generations and family policy

[How is consumption of the young and the elderly financed? Evolution over the last 30 years](#)

Carole Bonnet (INED); Ipkidi Badji (University of Paris 10); Hippolyte D'albis (Paris 1 University) *et al.*

Session 74-New directions in migration measurement

[Onward, return, repeated and circular migration among migrants of Moroccan origin. Merging datasets as a strategy for testing migration theories](#)

Tatiana Eremenko (INED and CSIC); Amparo Gonzalez-Ferrer (CSIC)

12:30 PM - 2:00 PM

Poster Session 2

[Compliance and usage in the Generations and Gender Programme](#)

Arianna Caporali (INED); Tom Emery (NIDI)

[Fertility analysis with SILC: A quantification of measurement bias](#)

Aurélien Dasre (CRESPPA-GTM & INED); Angela Greulich (Université Paris 1 Panthéon-Sorbonne)

[Physical activity over the life course: The effects of partnering and childbearing](#)

Edith E. Gray (ANU); **Sophie Pennec** (INED)

[Half a century of changes in the geography of fertility in Tunisia: divergences and convergences?](#)

Zahia Ouadah-Bedidi (URMIS & INED); **Jacques Vallin** (INED); Ibtiheï Bouchoucha (Université de Montréal)

[Life outcomes for teenage mothers: untangling the effects of age at first birth using the ONS Longitudinal Study](#)

John Tomkinson (INED & University of Strasbourg – SAGE)

2:00 PM - 3:30 PM

Session 76-Gender disparities in health

[Mental health and union dissolution : are socio-economic determinants the same for men and women ?](#)

Anne-Lise Biotteau (Insee); **Carole Bonnet** (INED); **Emmanuelle Cambois** (INED)

Session 78-Family structure	
The Individualisation of Wealth. Evidence from France	Nicolas Frémeaux (Université Paris 2 - Panthéon-Assas); Marion Leturcq (INED)
Friday, September 2	
2:00 PM - 3:30 PM	
Session 81-Child wellbeing, health and development	Chair: Laurent Toulemon (INED)
Session 82-Lifespan disparity and longevity	
Lifespan disparity by leading causes of death in Canada and the U.S. from 1974 to 2011	Viorela Diaconu (Université de Montréal); Nadine Ouellette (INED); Carlo G. Camarda (INED); Robert R. Bourbeau (Université de Montréal)
Uncovering adult modal age at death in populations with grouped data	Carlo G. Camarda (INED); Nadine Ouellette (INED)
Session 83-Migrants on the labour market	Chair: Dominique Meurs (INED& University of Paris West – EconomiX)
Session 86-Modelling mortality	
A flexible Bayesian model for estimating subnational mortality	Monica Alexander (University of Berkeley); Emilio Zagheni (University of Washington); Magali Barbieri (INED & University of Berkeley)
4:00 PM - 5:30 PM	
Session 93-Socioeconomic differentials in mortality	
Life expectancy by socioeconomic status: which model fits best?	Damien Bricard (INED); Carlo G. Camarda (INED); Emmanuelle Cambois (INED)
Mortality by education in the Czech Republic: a study based on census-linked death records	Marketa Pechholdova (VSE & INED); Fiala Tomas (VSE); Jitka Langhamrova (VSE); Martina Martina Miskolczi (VSE); Langhamrova Jana (VSE).
Session 98-Modelling unions and other transitions to adulthood	
Measuring Mean Age at First Marriage: the Trap of Hajnal Method	Jacques Vallin (INED); Zahia Ouadah-Bedidi (URMIS & INED)
5:30 PM - 7:00 PM	
Poster Session 3	
Trend in orphanhood among children and young adults under 25 in France since 1999	Cécile Flammant (Université Paris 1 & INED)
Is it possible to talk about a polarized-prolonged transition epidemiological model in Venezuela? An Analysis of Venezuelan Epidemiological Profile in the years 2000-2010	Jenny Garcia (INED)
The effect of unemployment on the realization of fertility intentions in France	Ariane Pailhé (INED); Arnaud Régnier-Loilier (INED)
Parental separation and long-term changes in income: does previous marital status matter?	Lidia Panico (INED); Marion Leturcq (INED)
Saturday, September 3	
9:00 AM - 10:30 AM	
Session 103-Immigrants' economic and material wellbeing: Causes and consequences	
Homeownership of immigrants in France: selection effects related to international migration flows	Laurent Gobillon (INED); Matthieu Solignac (University of Pennsylvania, Population Studies Center)
Session 106-Advances in cause of death analysis	
Mortality and causes of death: matrix formulation and sensitivity analysis	Hal Caswell (University of Amsterdam); Nadine Ouellette (INED)
Cardiovascular diseases as causes of death: towards coherence and comparability	Agnieszka Fihel (University of Warsaw & INED); France Meslé (INED)
Diversity of cause-of-death coding practices across Russian regions	Inna Danilova (MPIDR & HSE -Moscow); Vladimir M. Shkolnikov (MPIDR & NES, Russia); Dmitri A. Jdanov (MPIDR & NES, Russia); France Meslé (INED); Jacques Vallin (INED)
A non-parametric approach to decompose the young adult mortality hump by causes of death	Adrien Remund (University of Geneva & INED); Tim Riffe (MPIDR); Carlo G. Camarda (INED)

Session 110-Education and gender	Chair: Benoît Rapoport (Université Paris 1 & INED)
11:00 AM - 12:30 PM	
Session 121-Ethnicity, migration, and mortality	
Mortality among Immigrants in England and Wales by Major Causes of Death, 1971-2012: a Longitudinal Analysis of Register-Based Data	Matthew Wallace (INED) ; Hill Kulu (University of Liverpool)
Session 123-Immigration, acculturation and health status	
Understanding age variations in the migrant mortality advantage	Michel Guillot (University of Pennsylvania); Myriam Khat (INED); Irma T. Elo (University of Pennsylvania); Matthieu Solignac, (University of Pennsylvania, Population Studies Center): Matthew Wallace (INED)
